NEWNES

ELEMENTARY

DISC LIGHTS

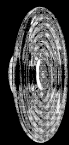

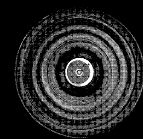

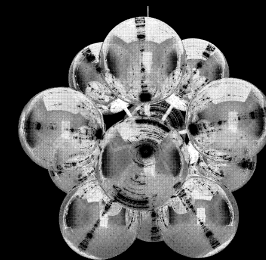

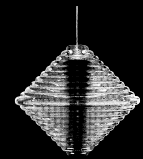

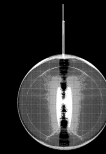

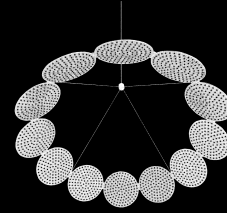

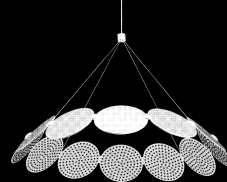

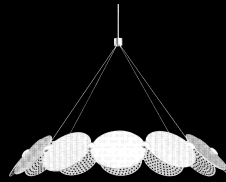

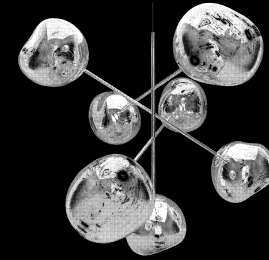

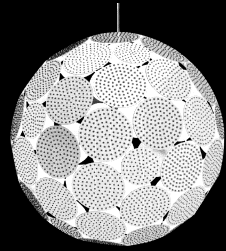

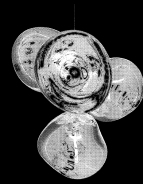

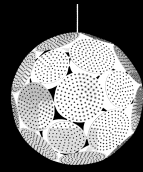

**A multitude
of ideas and
innovations
cluster under
the theme of
ELEMENTARY.**

'A misspent childhood with Meccano and other construction toys must have given me a love of building and rebuilding things. When I get an idea for a strong aesthetic, a favourite material or learn a new method of manufacturing, I want to try a multitude of iterations.'

This year, and continuing into next year, you will see a series of experiments in luminosity, in acoustics, in durability, in materiality and in repetition - where my current obsession with basic units multiplied is turned into an abundance of sculptural experiments in function.'

- Tom Dixon

DISC PENDANTS LARGE AND SMALL

DISC PENDANT SMALL, TUBE TALL TABLE BLACK WITH PRIMAVERA TOP 900MM, FAT STOOLS, PUCK GLASSWARE

DISC

When electric lighting first appeared in the 1880's the incandescent light bulb was deemed so magical that it was revered as an object of great beauty and often left naked for people to marvel at. The humble LED has received no such celebration – hidden, concealed and masked, the light engine that illuminates the modern world with such efficiency is usually invisible. We take the opposite view. The anonymous circuit board is EVERYTHING.

In Disc we take the electronics that power the digital world that we inhabit, and we give them centre stage. LED chips on circuit boards arrayed in a formal geometric configuration collectively produce an immensely bright and strangely beautiful indoor sun.

Available 2021

8,484 LED's – Disc Pendant Large

3,444 LED's – Disc Pendant Small

1,512 LED's – Chandelier

DISC PENDANT LARGE, TUBE DINING TABLE BLACK WITH PRIMAVERA TOP 900MM, FAT DINING CHAIR

GLOBE

You can probably tell that we are obsessed with spherical objects. In our perpetual quest for the purest forms, Globe stands out as the most minimal of the lot.

A spherical orb, highly mirrored and perfectly reflective during the day, when switched on reveals a multiplicity of internal reflections from the integral LED. Reminiscent of ancient witch balls, hollowed spheres of coloured glass which were used to ward off evil spirits, Globe is available in copper and chrome finishes in pendant form, a floor light and a spectacular chandelier, Burst.

Available 2020

GLOBE PENDANTS CHROME, GLOBE
FLOOR LIGHT CHROME, TUBE TALL
TABLE CHROME WITH PRIMAVERA
TOP 600MM, FAT STOOL

GLOBE PENDANTS CHROME, TUBE DINING TABLE CHROME WITH PRIMAVERA TOP 900MM

GLOBE BURST

Large in scale and highly reflective, Burst is designed with a single point construction and features 12 polycarbonate shades, which explode from the centre.

Available 2021

PRESS SPHERE, CONE AND LOZENGE PENDANTS, CORK SHELVES (COMING SOON)

PRESS

Press is a series of lights made from the thickest and most transparent glass with a satisfyingly rounded linear surface detail. Aptly named Sphere, Cone and Lozenge, the pendant shapes are reminiscent of shipping buoys, children's toys and throat lozenges.

The ribbed glass creates diffusion of the light source and projects linear and stripy patterns. Bold in silhouette and simple in function

PRESS SURFACE LARGE

they are manufactured by dropping massive globs of molten glass at 1,200 degrees centigrade, pressed in iron moulds under tons of pressure to create immensely durable lights.

Available 2021

MELT

A swarm, huddle, herd, cluster or bunch; there are a thousand ways of configuring our lamps to produce an extraordinary lighting arrangement. The latest additions to the Melt family include the Melt Mega; a configuration of seven organic and imperfect orbs which explode from a central hub to create a dynamic lighting sculpture of infinite reflections.

Melt Small Chandelier features four orbs protruding from steel tubes and is one metre high. Fitted with our new LED module, our Melt chandeliers are our attempt to rethink the contemporary chandelier.

Available 2021

MELT SMALL CHANDELIER GOLD

SPRING

SPRING PENDANTS MEDIUM, LARGE AND SMALL IN STAINLESS STEEL, CORK TABLE 1200MM, FAT DINING CHAIRS, MILL SALT AND PEPPER GRINDERS

SPRING PENDANTS STAINLESS STEEL, CORK TABLE, MILL SALT AND PEPPER GRINDERS

Spring is a series of pendant lamps made up of stainless-steel strips. Pliant ribbons of stainless steel have been arranged like a whisk around our custom-made dimmable Tom Dixon LED module.

The semi-transparent shape thus created can be adjusted to a variety of silhouettes - from a flat

arrangement reminiscent of a spirograph drawing, to a flying saucer configuration and on to a fuller shape akin to a pumpkin. Available in white, brass and a new stainless-steel finish.

Available 2020

LED

MELT CHROME PENDANT LED

BEAT TALL, FAT AND WIDE LED PENDANTS IN BRUSHED BRASS, TUBE DINING TABLE
BRASS WITH WHITE MARBLE TOP, FAT DINING CHAIRS, BEAT DROP VESSEL

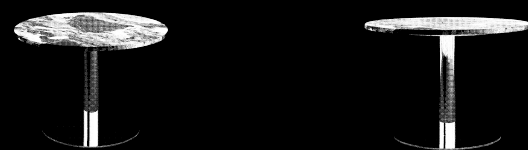

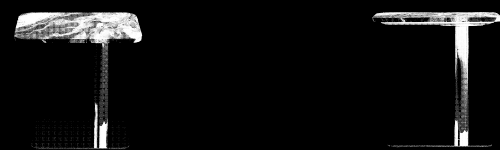

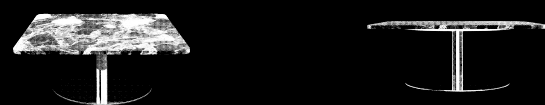

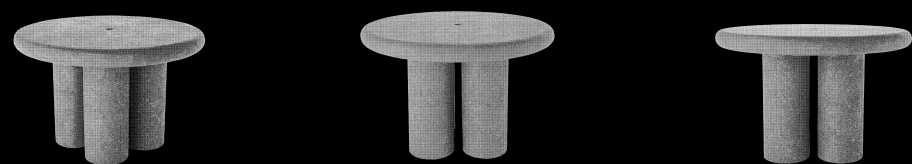

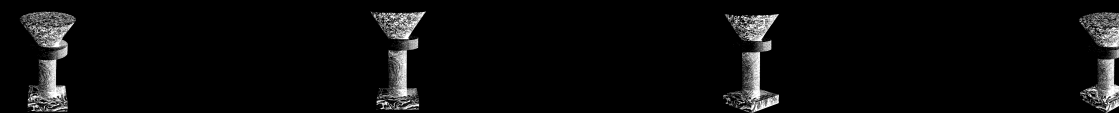

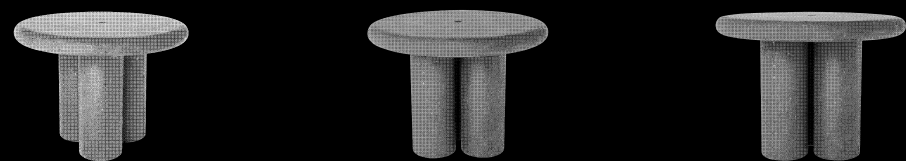

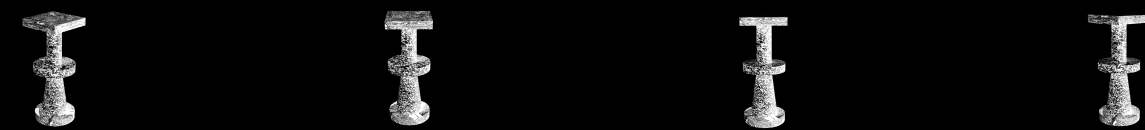

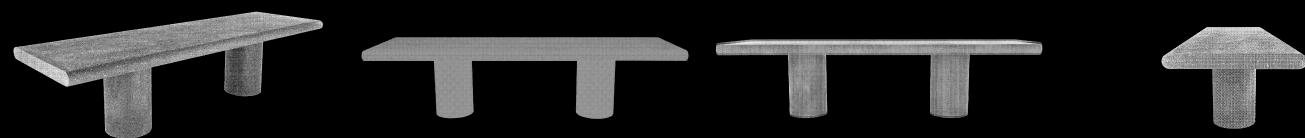

For years we have been experimenting with new ways to use Light Emitting Diodes (LED). In 2019, we started introducing our latest innovations in LED into our MELT, SPRING and OPAL collections.

Recognising the need and demand for a more energy efficient future, we are now transitioning our best-selling lighting families, Beat, Cut, Copper, Mirror Ball and Void to include improved LED fittings.

The upgrade ensures we deliver on performance and stay at the forefront of constantly evolving LED technology.

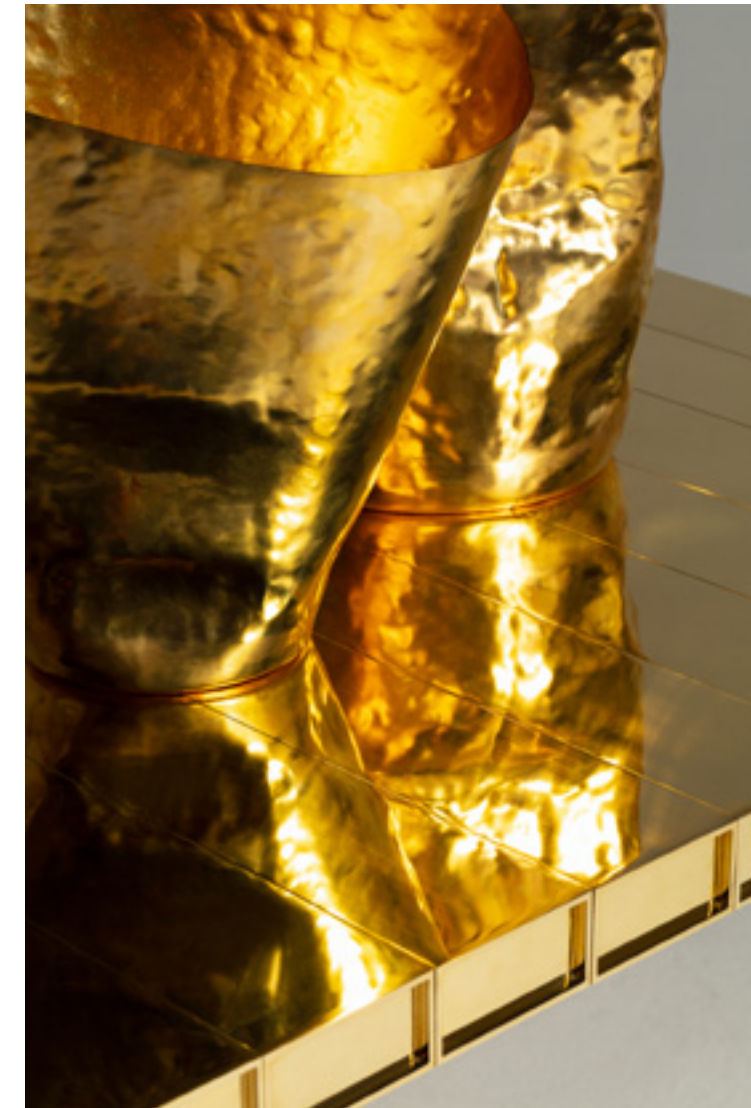

Our LED fittings promise many advantages. Low energy consumption and a longer product lifecycle, energy efficiency which reduces running costs, compliance with worldwide guidelines, standardization of products across multiple markets and a flexible design which can be serviced and replaced easily by an electrician.

These benefits guarantee more functional, flexible and convenient products.

NEW FURNITURE

MASS

MASS TABLE, BASH VESSELS

The new and improved super-polished solid brass Mass table is manufactured in the UK and made from one single extruded box section of brass. By using the most familiar unit in furniture construction – the plank – and presenting a series of familiar objects in a highly polished gold hued metal, Tom Dixon manages to make domestic archetypes into monumental heavyweight sculpture.

The rectangular plank is used in a multitude of configurations and will eventually be presented as a made to measure construction set, with a series of predetermined junctions that allow architects and interior designers the liberty to construct their own Mass artefact.

Available 2020

MELT SMALL CHANDELIER GOLD, CORK TABLE 1000MM

Strongly expressed materiality is an underpinning theme of most of what we do and that's why the Cork collection is our current obsession.

A tactile material which has been used for millennia in nautical, construction, apparel and food applications, Cork is the ultimate traditional material fit for the future.

By repurposing this wonder material for our range of extremely fat edged and chubby silhouette furniture, we have taken full advantage of the elasticity, the sound absorption and waterproof nature of cork. Combined with its natural beauty, we have designed a unique set of sculptural furniture with expressive minimalist attributes and superior functionality.

Our latest experiments with cork include a series of tables and a shelving system coming soon.

Available 2020

CORK 1000MM TABLE, SMALL BASH VESSEL

CORK

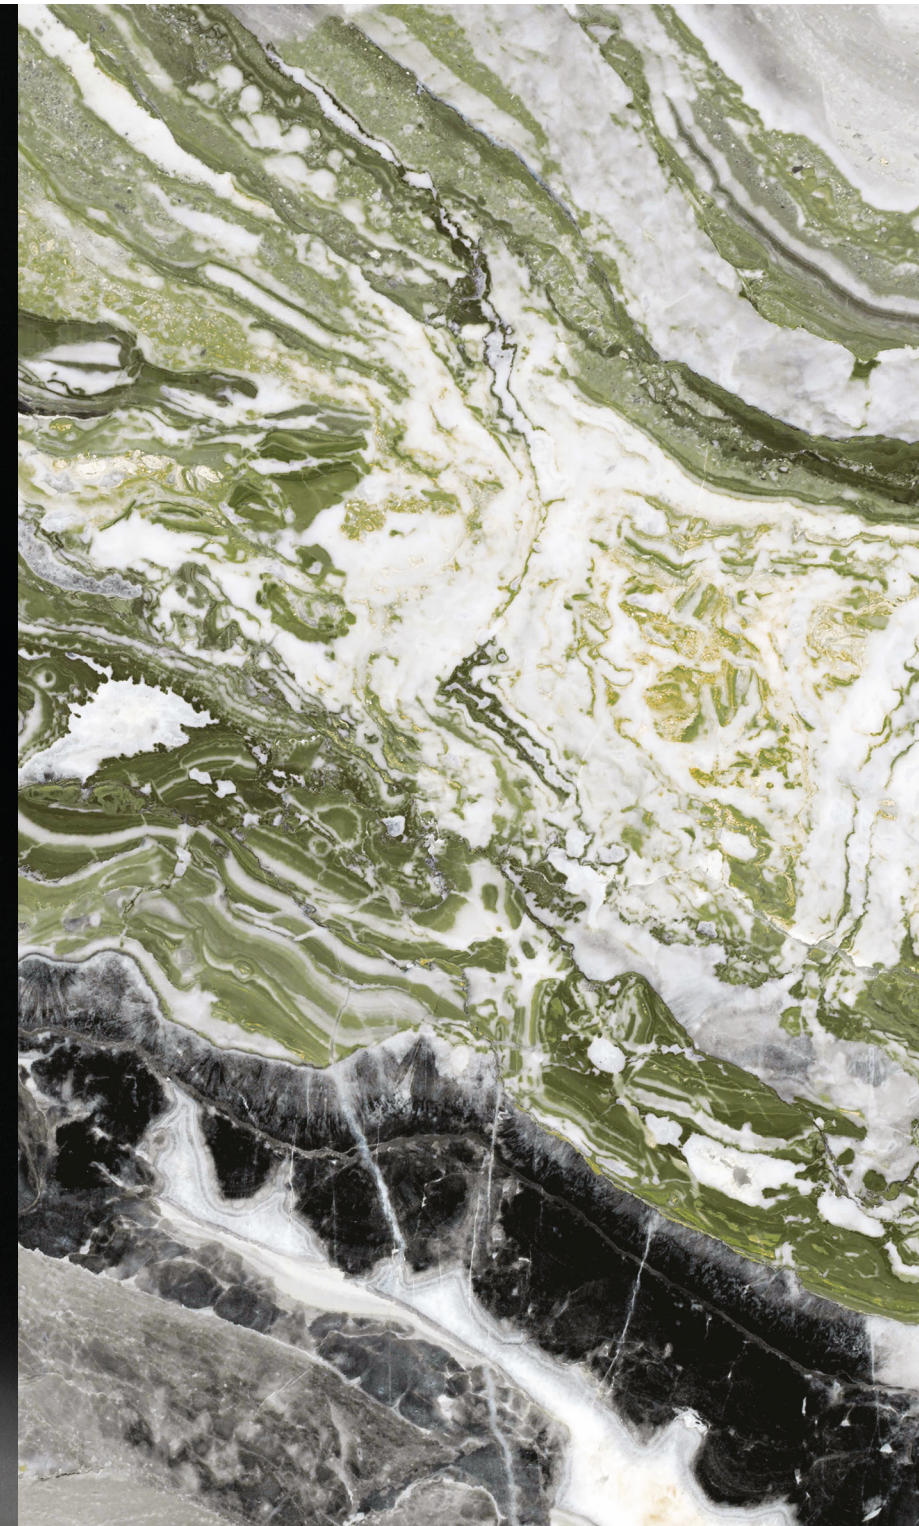

FLASH

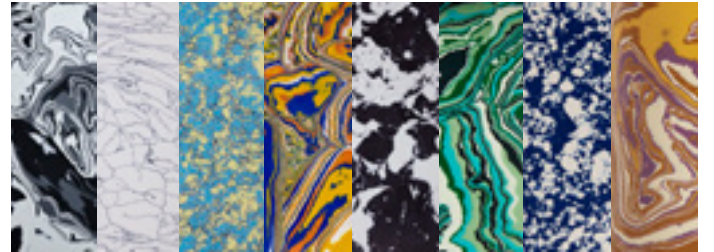

A set of three crisp and smartly detailed side tables. Available in brass and glossy black and topped with a mirrored glass surface, Flash are moody singular statements that can be nested together as a three-tiered multi-level coffee table. This year, Flash becomes flashier with the Primavera tabletop paired with the new chrome base.

Available 2020

GLOBE BURST CHANDELIER CHROME, FLASH TABLE RECTANGLE, SQUARE AND CIRCLE WITH CHROME BASE AND PRIMAVERA TOP

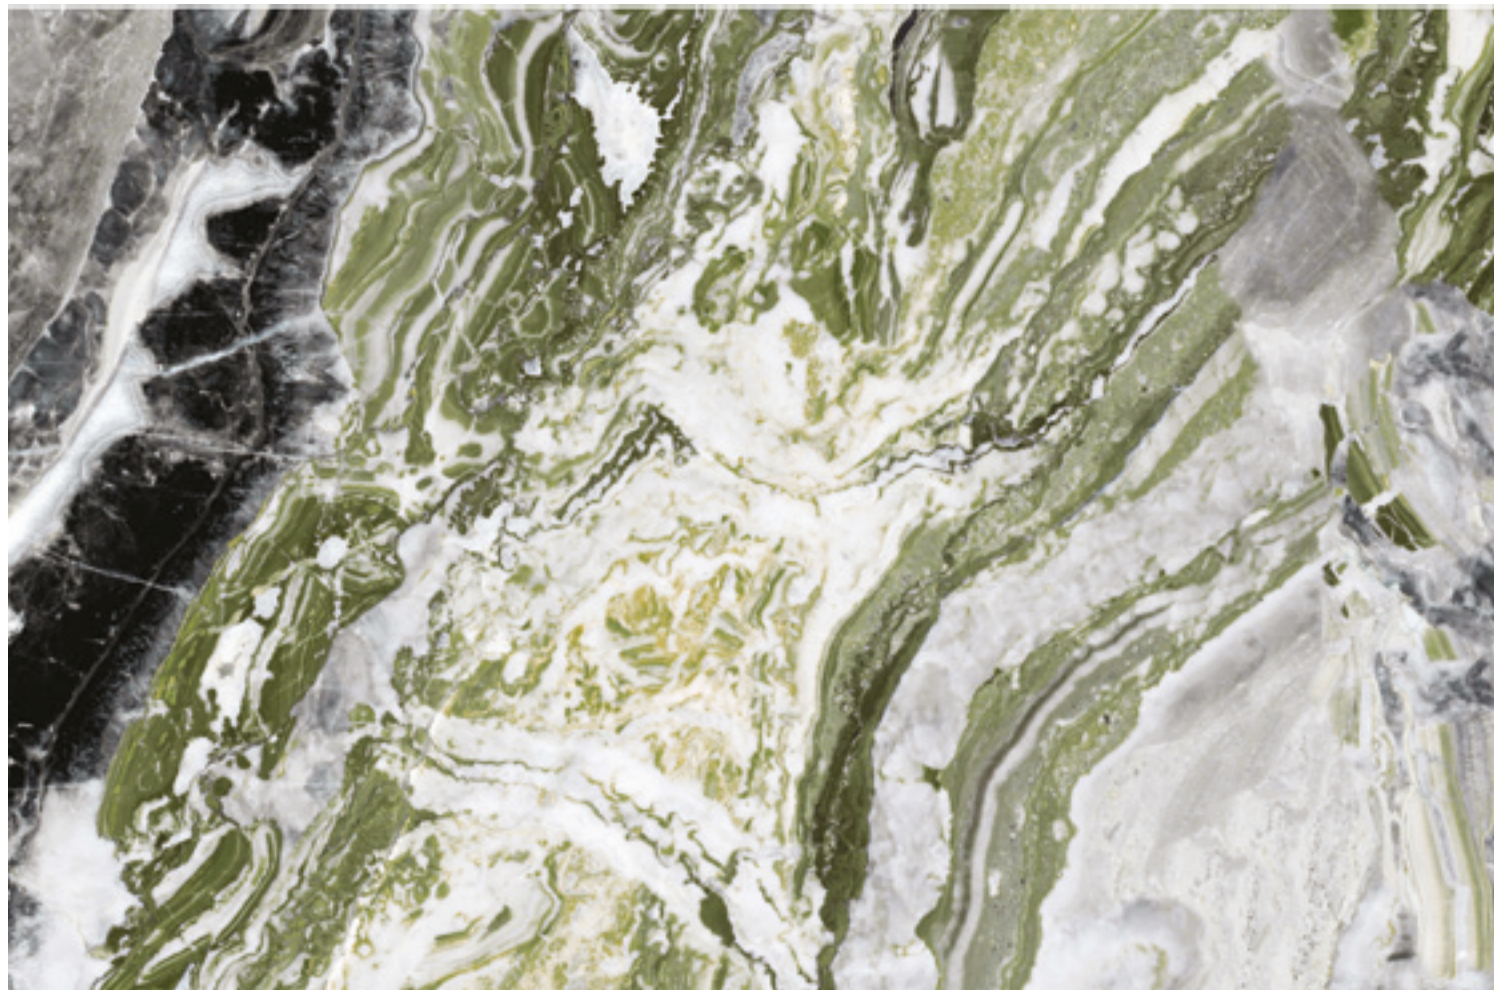

Swirl is a series of geometric forms stacked upon one another to create multidimensional, functional sculptures. The unique process involves recycling the powdered residue from the marble industry, mixed with pigment and resin to create blocks of material that can then be sawn, sliced and turned on a lathe. A family of tables, each with their own distinct silhouette, colouration and personality. Swirl XL table and Swirl Cone Side table join the family this year.

Available 2020

SWIRL TABLES

PRIMAVERA

DISC PENDANT, PRIMAVERA MARBLE TABLETOP

Hidden between the deep gorges and snow-capped peaks of China's southwestern province, our oriental marble is quarried in Yunnan's majestic landscapes.

Named Primavera but often described as a black, green and white metamorphic conglomerate, the marble is unusual due to its extreme random figuring and bold pattern. The alternating bright

green, which is ground with white inlays and thin black veining ensures that each tabletop is completely unique.

The Primavera range includes 1400mm, 1100mm, 900mm and 600mm tabletops. Flash Chrome, Tube, Fan and Screw bases are available with Primavera tabletops.

Available 2020

A simple, sleek table for all occasions, Tube is a versatile and elegant table base available in brass, black and a new chrome finish.

Tube is a sophisticated sturdy table component that can be customised. Tube Chrome is available with the Primavera tabletops.

FAT LOUNGE CHAIR

FAT BAR STOOLS, MELT PENDANT AND SURFACE LIGHTS LED, TUBE
TALL TABLE BLACK WITH WHITE MARBLE, TANK WHISKEY SET

FAT

Fat is designed to hug the body and allows for multiple sitting positions. The Fat family becomes fatter with a new two-seater sofa, three-seater sofa, counter height stool and chaise longue joining the collection this year.

The extreme simplicity of the components is a testament to form following function, whilst maintaining a humorous silhouette and a reductionist aesthetic. Quite a balancing act!

Available 2020

BUTE FABRICS

This year we introduce two new fabric collections to our upholstery range: Micro Boucle and Denim, created in collaboration with Scottish mill Bute Fabrics. The narrative of two intrinsically British companies, each with a mutual respect for quality, sustainability and the environment provided the foundation for this unique collaboration.

The collections were inspired by the textures and hues of the Isle of Bute landscape: the earthy colours and intricate patterns found in moss, seaweed, shells, pebbles, trees and sand were a source of inspiration and are reflected in the ranges.

Micro Boucle is a textured wool-silk nep with contrasting flecks. The speckles add an element of tactility and depth to the fabric. Denim is a heavy-duty cotton and wool blend twill, which has a unique aesthetic and durability. Using mainly natural fibres, these fabrics have been created with sustainability at their core.

PRESS

Press is a series of heavyweight grooved vases, bowls and candleholders made of fat, chunky coils of pure and clear transparent glass.

Bold in silhouette and simple in function they are manufactured by dropping big globs of molten glass at 1,200 degrees centigrade and pressed in two- or three-part iron moulds to create immediately familiar silhouettes.

PRESS SMALL BOWL, PRESS MEDIUM VASE

Thick industrially pressed glass artefacts have been designed and engineered to catch and reflect light, and to last forever.

Available 2020

PRESS HORIZONTAL TEALIGHT HOLDER, PRESS STEM VASE, PRESS LARGE VASE

PRESS SMALL BOWL, CORK SHELVES (COMING SOON)

SWIRL VASES

(L-R) SWIRL SMALL VASE, SWIRL STEM VASE, SWIRL MEDIUM VASE

A psychedelic update of an Italian post-modernist aesthetic, the pop sensibility of Swirl is created from a series of geometric forms stacked upon one another to create multi-dimensional, functional sculptures. Stem, Small and Medium vases are inspired by Ikebana, which is the Japanese art of flower arrangement. Anchored with a heavy base, the cylindrical vessels allow branches and flowers to cantilever out.

Available 2020

SWIRL SMALL VASE

ECLECTIC: LONDON

ECLECTIC SCENT recognises that first impressions and memories are connected to the sense of smell. Tom Dixon's journey into the world of fragrance started with Eclectic; a collection inspired by the brand's origins as a true Londoner.

The collection evokes historical memories of British life, of travelling and trading across the globe and returning to the familiar gritty smells of modern cosmopolitan London. Last year we refreshed the vessel form with an elegant, slim waisted metal container and added two more refined perfumes to the collection – Underground and Alchemy.

(L-R) LONDON TRAVEL CANDLE, LONDON MEDIUM CANDLE,
LONDON XL CANDLE, LONDON LARGE CANDLE

LONDON DIFFUSER

London; a melting pot of colours, cultures, and styles. From King's Cross to Dagenham, Eclectic London captures the spirit of Tom Dixon's home city. The woody smell of red brick and London parks with crocuses and nettles can be detected in this scent.

ECLECTIC: ROYALTY

(L-R) ROYALTY TRAVEL CANDLE, ROYALTY MEDIUM CANDLE, ROYALTY XL CANDLE, ROYALTY LARGE CANDLE

ROYALTY DIFFUSER

With floral notes and subtle hints of citrus, this scent is reminiscent of tea time with scones, strawberry jam and the drive home in a '52 Bentley with tatty leather seats.

UNDERGROUND DIFFUSER

(L-R) UNDERGROUND XL CANDLE, UNDERGROUND LARGE CANDLE, UNDERGROUND MEDIUM CANDLE, UNDERGROUND TRAVEL CANDLE

ECLECTIC: UNDERGROUND

In the dark subterranean, hidden below the surface, rhizomes secretly grow and slowly develop the fresh, sharp intense fragrance of ginger. This is combined with woody Haitian cardamom to make the unique scent of Underground.

ECLECTIC: ALCHEMY

Influenced by the endless search to transform basic materials into a valuable substance, sharp black pepper, woody cypress, eucalyptus, exotic patchouli and smoky guaiac wood combine to create the precious perfume of Alchemy.
